TREND PROPERTI DI JAKARTA GREATER AREA

KAWASAN INDUSTRI

Telah pulih dari pandemi dan tengah bertumbuh dan berkembang ditopang sektor high-tech industry dan logistik

	Q2 2022	Full Year 2022	2022-25 Annual Avg.
Demand Data centre operators continue to search for new land on which to expand. At the same time, the need for logistics and distribution centres increases.	50.58 Ha	255.7 Ha	295.5 Ha
Supply Supply of land in favoured locations with proximity to the capital city might be an issue, but overall stock is plentiful in anticipation of rising inquiries.	0 Ha	200 Ha	220 Ha
Price No price adjustments were reported and that reflects the overall situation in the market. In general, industrial players are ready to expand, but are not ready to pay higher investment costs in the current challenging market.	USD198.40	USD199.97	USD208.0
